This page provides detailed information on the annual budget life-cycle. Select a financial year to display the latest data of a year. Optionally, you can select any other budget phase (draft, adopted, amendments) of a year. You can also select either commitment or payment appropriations and apply a filter by heading or programme. To compare two budget phases, select the 'Budget comparisons' option.

Figures and documents prior to 2014 are still available on the [Financial Programming and Budget](#) website
